August 2026

From the Mayor’s Desk

Dear Residents of Heyburn,

As your Mayor, I want to thank each of you for the pride, commitment, and support you continue to show our community. Together, we have accomplished many great things, and I believe that by working together, we can continue building a stronger future for Heyburn.

One of the most important responsibilities we have as a city is maintaining the infrastructure that serves every home and business. Over the coming months, the city council and I will be discussing rate increases to maintain and build on what we already have. I understand that no one welcomes higher utility costs, but this adjustment is necessary to help improve and maintain our infrastructure. These investments will strengthen system reliability, reduce the risk of outages, and ensure we can continue providing dependable service for years to come.

Another challenge we face is our limited water supply. Water is one of our community's most valuable resources, and we all play a role in protecting it. I encourage every resident to reduce unnecessary irrigation whenever possible. Conserving water today helps ensure that future generations will have the resources they need tomorrow. Even small changes—watering less frequently, fixing leaks, and avoiding waste—can make a meaningful difference.

I also want to recognize a bright spot for our community this year. Thanks to the vision and support of the Heyburn City Council and our elected officials, Heyburn proudly participated in the nationwide America 250 celebration by creating the America 250 Monument at Riverside Park. This monument stands as a lasting tribute to our nation's history and our community's commitment to

honoring the past while looking toward the future. I encourage everyone to visit the monument and take pride in what we have accomplished together.

Heyburn has always been a community that rises to meet challenges. Whether we are investing in critical infrastructure, conserving precious resources, or celebrating our shared heritage, our success comes from neighbors working together for the common good.

Thank you for your understanding, your cooperation, and your continued support of our wonderful city. It is an honor to serve as your mayor, and I look forward to what we will accomplish together in the years ahead.

Sincerely,

Mayor Chad Anderson
